Glories of the Yosemite, California.

63.—View on the Merced. Hutchings' Hotel and Bridge. Sentinel Rock in the distance.

E. & H. T. Anthony & Co., N. Y.

GLORIES OF THE YO-SEMITE, California.

SENTINEL ROCK is situated on the South side of the Valley opposite the Bridal Veil. Its height is about 3,270 feet. The view near Hutchings is very grand, the Rock standing out in bold relief like some grim old Sentinel at his post. The Cateract is about 3,850 feet.
